

HOMEWORK ASSISTANCE PROGRAM

Our Homework Assistance Program is a great opportunity for the children to work on their school assignments prior to being picked up by parents at the end of the day. The *maximum time* that will be allotted for children enrolled in this program is 30 minutes each day. Parents are asked to complete the following information to help us customize the program to suit your child's needs. Parents must complete the form if you would like your children to work on their Homework Assignments while at the centre. We will advise the children when it is time to work on their homework assignments and provide an appropriate environment. However, we will not check backpacks etc to confirm a child has no assignments if they tell us they do not have any on a particular day. We will be available to guide the children and provide appropriate assistance. We are not available to tutor the children during regular hours. Heather provides tutoring after PEAK hours if you are interested in additional support for your child. Her contact info is available upon request.

Child: _____

Grade: _____

Teacher: _____

Time to be spent working on homework each day: _____

Is there a subject you would like us to focus on? _____

Does your child require special support or learning techniques? _____

Do you prefer your child to work independently or with a friend? _____

Can you provide additional information that may help your child to benefit from our Homework Assistance Program?
